

Press Release

Alpha Bank offers new convenient money transfer service with Money Gram

In the beginning of June Alpha Bank will start offering the new service – express money transfers through the Money Gram system which includes a network of 190 thousands agents in 190 000 countries and territories, where a customer could send or receive express money transfers.

The integration of Money Gram services by Alpha Bank is part of its policy to enrich the portfolio of service offerings which improve the quality of the service and provide convenience and security to the customers.

The new service offered by Alpha Bank will give an opportunity to the customers to perform express international transfers within 10 minutes without the need for them to have a bank account and while ensuring fast, secure and convenient money transfers.
