## **Alpha Bank Employees undertake volunteer work in social and ecological initiatives**

Over 200 Alpha Bank employees participated in the annual Volunteer Day. This year, in addition to Sofia, the initiative took place for the first time in Varna and in Plovdiv.

In Sofia, Bank employees renovated classrooms in the First Special School which is located in the capital. The School socialises, educates and trains children with mental problems from Grades 1 to 10.

The second initiative that was carried out in Sofia was the cleanup of the area around the “Kambanite” monument.

Volunteers, led by Mr. Philip Petrou, Country Manager of Alpha Bank-Bulgaria, directed all their enthusiasm and skills in painting and renovating a school for children with special educational needs. They tried to improve learning conditions and training in classrooms in order to make students’ lives more colourful and cheerful.

The Varna team attended to the improvement of the “Sevastopol” garden in the city centre and employees from the city of Plovdiv cleaned the green areas at the foot of the Bunarjik hill. As a result of this initiative over 500 kilograms of waste were collected and transported from the three cities.

The Volunteer Day was carried out for the second consecutive year in line with the Corporate Social Responsibility policy of the Bank, which observes and supports the Alpha Bank Group team spirit and collaboration.
